National Mentoring Month 2010

Share your story

Does your program have a mentor/mentee story to share? Letting others know about such stories within your program can help provide a better understanding of just what mentors do and how the experience has impacted both your program and those you serve.

In celebration of National Mentoring Month, the Indiana Youth Institute and Indiana Mentoring Partnership will be promoting mentoring programs across Indiana through our Web site and additional media outlets. In the effort to gather local stories, please consider completing the below points so that we might contact you to learn more.

Please return by faxing to (317) 396-2701 or emailing to mentoring@iyi.org by **December 9, 2009.**

I. Name of Organization:
